

## Be an insider at Peninsula home tour

Join the Palos Verdes Peninsula Land Conservancy on Sunday for the "Fall for White Point Home Tour and Celebration," featuring six local residences and the historic Point Fermin Lighthouse.

The event is a showcase for the diversity of architecture and lifestyles in the community and will feature the early 20th century home of Wilbur Wood, a ranch house, a beach cottage and a bungalow in Vista del Oro, among others. In addition, a special feature of this year's tour will be an oceanfront casita at Terranea Resort.

The self-guided tour will run from 1-5 p.m., followed by a reception with live music, food and silent auction from 4-7 p.m. Tickets are available at [www.pvplc.org](http://www.pvplc.org), or call 310-541-7613. Tickets are \$50 in advance or \$55 the day of the event.
