The Palos Verdes Peninsula Land Conservancy accepts a Conservation Easement over the Driving Range at Trump National Golf Club Los Angeles

PALOS VERDES PENINSULA, JANUARY 13, 2015 – Trump National Golf Club Los Angeles granted a conservation easement to the Palos Verdes Peninsula Land Conservancy over the driving range to protect this land as open space for the scenic enjoyment and outdoor recreation by the general public.

The 11.54 acres (502,888 ft²) of land had approvals for the development of 16 homes, but has now been protected in its current form as open space and a driving range, through an easement in perpetuity. The easement protects the land and prohibits harmful uses on the property such as dumping, landfill, and also has restrictions on waste and impermeable surfacing among many other items. In addition to the protections the easement is providing, Conservancy Executive Director Andrea Vona is “excited to increase the amount of coastal open space land that is protected here on the Palos Verdes Peninsula.”

The Palos Verdes Peninsula Land Conservancy is a 501(c)(3) nonprofit community-based organization dedicated to preserving land and restoring habitat for the education and enjoyment of all. The Conservancy owns or manages the Palos Verdes Nature Preserve, the Linden H. Chandler and George F Canyon Preserves in Rolling Hills Estates the White Point Nature Preserve, a facility of the LA City Department of Recreation and Parks, and habitat restoration on the Defense Fuel Supply Point in San Pedro.
