

# Palos Verdes Peninsula Land Conservancy invites you to join our internship program:

**PRESERVE  
RESTORE  
EDUCATE  
ENJOY**

## Native Garden

Assist in the development and maintenance of White Point Nature Center's Native Plant Garden. The garden demonstrates how native plants are beneficial for the environment.

## Media

Help enhance communications for the Conservancy. Tasks can include drafting articles and press releases, researching outreach and media opportunities, document design, website and email distribution and posting on social media.

## Restoration Program

Assist Conservancy staff in maintaining and monitoring restoration projects and lead volunteer days with the public at various Preserves to help enhance wildlife habitat.

## Naturalist

Interns will work with managing Naturalists at George F. Canyon and White Point Nature Centers. Tasks will include supporting onsite education programs, maintaining exhibits and educational materials, as well as trail and demonstration garden monitoring and maintenance.

## Field and Nursery

Assist staff with a variety of habitat restoration projects. Work can be conducted on the preserves or at the native plant nursery. Tasks can include aiding in the management of nature preserves, planting native species, invasive plant control, native seed collection, plant identification, and plant propagation.

## REQUIREMENTS

- Currently 18 years or older
- Interest in horticulture, native plant gardening, or restoration ecology
- demonstrated leadership skills and works well with volunteers
- ability to do substantial amounts of strenuous work in the field
- Willing to work in a team and individually

## Timeframe

These are unpaid positions that require a minimum of 3 hours per week for at least 3-months. Start time and duration of these positions are flexible.
