TRAVEL ON DESIGNATED TRAILS

TRAIL CLOSURES will be in effect during and following significant rainfall to protect trails. Closures may also go into effect at various times for habitat protection and erosion prevention when deemed appropriate. Please respect any signs regarding these closures.

TRAIL MODIFICATIONS of any kind are not permitted in the Preserve. This includes construction of jumps, wooden ladders, earthen mounds, formation of berms and brush clearing.

This 59-acre reserve contains Agua Amarga and Lunada canyons, which merge at their western ends just above the border with Palos Verdes Estates. Lunada Canyon, once prime land for development, was provided as a gift to the Conservancy in 1992 from the E. K. Zuckerman family. This created the Conservancy's first natural area. Agua Amarga Canyon was acquired by the City of Rancho Palos Verdes in 2005.
