

Palos Verdes Peninsula Land Conservancy Internship

naturalist intern

Description

Naturalist Interns work under the direction of a managing Naturalist to help in the nature centers run by the Land Conservancy. The centers are located at George F. Canyon in Rolling Hills Estates and White Point Nature Preserves in San Pedro.

Tasks will include working in these Centers during opening hours, supporting onsite education programs, help with maintaining and developing exhibits and educational materials and helping with trail and demonstration garden monitoring and maintenance.

Project Lead

Holly Gray
Director of Education
